President's Corner:

THANK YOU to everyone who attended our 2007 Banquet at RainTree Country Club! It was an outstanding success and provides much of the funding for our Chapter to continue to carry on our mission.

We are Safari Club International and our motto is: SCI-First for Hunters! This reflects our philosophy and our actions. SCI is to Hunters what the NRA is to Gun Owners!

Our Mission is to Protect the Freedom to Hunt and Promote
Wildlife Conservation worldwide.

What sets SCI apart is our dedication to political action. With our full-time staffs in Tucson, AZ and Washington D.C., SCI acts as watchdog over all new Congressional Legislation to fight vigilantly for your freedom to hunt through our SCI-PAC (Safari Club International Political Action Committee). Working very closely with the Congressional Sportsman's Caucus, SCI has helped sportsmen prevail in every federal legislation hunting issue since the late 1980's.

Your support of the Northern Ohio Chapter along with the more than 60,000 other members of SCI make protecting our hunting heritage become reality! Our greatest strength is in our numbers. When you, your family members and your hunting buddies all join SCI we speak with a voice that no politician can ignore when deciding on issues that affect our vital interests.

Fall hunting season is right around the corner! I'm sure many of you like myself are practicing with your bow, looking at new hunting gear and filling out your entries for the Ohio Controlled Hunts!

Good Hunting!
